4.0 INFORMATION ITEMS

4.1 President’s Report

Dr. Drumm presented his December President’s Report to the Board.

Dr. Drumm expressed condolences at the loss of Robert Moppert, long time Trustee and Alumnus.

Dr. Drumm attended the SUNY Presidents meeting last Thursday in New York City. The topic was largely focused on shared services. BCC is in conversation with a couple of sister institutions regarding adding to our roster of shared services. He will keep the Board informed as to the progress of sharing services. There is a lot of discussion around our budget request for the additional $205 per FTE for next year for over five years. We would know what our FTE subsidy would be for the next five years so we would be in roughly similar shape to the state ops knowing that they can raise tuition $300 for the next five years so we can actually do some serious budgetary planning.

Also discussed at the Presidents meeting were the recent events at Penn State and Syracuse University.

He is having continued conversations concerning the Binghamton Advantage Program and what they are going to do for fall to continue it and how after this coming fall may be significantly expanded due to the housing capacity expected to grow at Binghamton University the year after next. We continued to make good progress in this area of shared service.

Dr. Drumm attended the Welcome Reception for the new Binghamton University President Harvey G. Stenger, Jr. on November 29th.

He also attended President McGrath’s retirement reception on December 6th. The College received an ovation at the reception when Dr. McGrath mentioned the new Binghamton Advantage partnership and our two institutions working together on it.

The College submitted our Middle States report on December 1st and he is sure that they will be pleased with our progress. A lot of good leadership went into making rapid good progress and Dr. Drumm thanked the faculty and staff who were involved with it. Another report is due September 1, 2012 and will be focused primarily on institutional effectiveness. This will include working on a Board self-assessment instrument that will be used this summer. Jason Zbock, Institutional Effectiveness Officer will work with the Board’s sub-committee on the self-assessment instrument.

Dr. Drumm reported that we are decreasing our deficit for enrollment numbers. We began at 15% and are 12% behind at present time. The College has a new portal that students are using to register and are requiring that the student be advised this year before receiving their PIN number. Trustee Coffey asked if the College is using additional strategies to make sure students get enrolled. Dr. Drumm responded that we are using additional strategies from where we were a year ago and we will have central registration in January. We are also phoning students and sending postcards instead of letters. We are also doing much more

marketing and are working with an enrollment consultant to enrich our admissions process. We will have a major new outreach effort for the fall and will have three new sites.

STEM is up and Health Sciences remains steady. Trustee Mastrangelo stated that he heard a complaint that BCC doesn’t accept enough nurses into the program. Vice President of Academic Affairs Julie Peacock responded that the limitation is due to limited clinical sites and space limitation.

The Regional Economic Development Awards were announced and our area was awarded $40 million dollars. BCC will have a roll in whatever workforce training comes as part of this.
