Dr. Drumm traveled to Colombia on March 7th through the 9th to sign a Memorandum of Understanding with the National Chamber of Commerce to work with them to build their nations first two year Technical College in Bogota. They would like to co-brand it with SUNY and Uniempresarial which is the university that we are working with in Bogota. We would ultimately see enrollments coming our way as a result of it. Dr. Drumm will keep the Board members informed as to the progress as more transpires.
4.2 President’s Report Continued

Preliminary planning is being done concerning residence halls and over the next two Board meetings serious conversations will take place regarding formal planning for residence halls. The College has begun to hire faculty. Many are temporary positions that are being moved over to the regular hiring cycle as tenure track positions and some are full-time adjuncts. Some are retirement replacements and a couple are new positions where we have a lot of growth or the potential for growth. Dr. Drumm stated that we may not be able to fill all of the positions but it is exciting to be able to hire full-time faculty. Research suggests that the more full-time faculty a campus has the more successful the students are.

The Open House at the Waverly Outreach center is being held next Wednesday from 4:00 p.m. to 8:00 p.m. The open house is being held to attract students and to attract potential adjunct faculty. A meeting in Sidney has also been held to look at space in the area for an outreach center.

Dr. Drumm stated that we continue to look at our auxiliary services to build a more sustainable economic model. The services include the BC Center, the Bookstore, vending and revenue producing entities.

The budget is in much better shape today thanks to help from Albany. We began the budget planning in a million dollar to over a million dollar deficit a few months ago which included a 5% tuition increase. Thanks to the hard work done on the budget planning, the state, retirements and restructuring we are down to roughly a $200,000 deficit and hopefully the Voluntarily Separation Incentive will help to get us in to the black. We are still going to use 1 ½ million dollars of our fund balance but the tuition increase has been reduced from 5% to 3.5%.
