**2.1 Recommend Approval of Write-Offs of Student Account Receivables**

The office of the college Controller has reviewed the status of the Student Accounts Receivables and has found \$534,831.11 to be uncollectable. This represents the write-offs of outstanding receivables, which are now two years old. Please recall that the Finance and Facilities Committee adopted a guideline to write off uncollectable accounts two years old or older at its October 1992 meeting. These receivables were accumulated as a result of tuition obligations incurred by students who registered and subsequently did not attend classes and deferrals based on financial aid awards to students who later became ineligible due to withdrawal from the college or changes in credit load and/or academic standing (see attached breakdown). It is understood that the students' obligation to the college remains and appropriate holds have been placed on their accounts. Collection efforts by college staff and various contracted collection agencies will continue. It was recommended that the Board of Trustees approves the write-offs of uncollectable accounts for receivables in the amount of \$534,831.11

**4.0 INFORMATION ITEMS**

**4.1 President's Report**

Dr. Drumm presented his September President's Report to the Board.

The search for the Vice President for Student and Community Engagement is well underway with Professor Fran Battisti as the chair of the Committee. The closing date for resumes is Monday, September 21, 2010 and he will keep the Board members informed as to the committee's progress as the search progresses.

Dr. Robert Schneider, Vice President, Middle States Commission on Higher Education was on campus September 15, 2010. Dr. Schneider's visit was to provide support and guidance to the campus to help prepare for the monitoring report which is due by March 1, 2011. Dr. Schneider met with a variety of groups but mostly with our Shared Governance Task Force. Dr. Schneider apologized for not including the members of the Board on the list of people he wanted to meet with during his visit. Dr. Drumm submitted the ACCT Retreat Report to Dr. Schneider to confirm Board involvement in the process. He stated that Dr. Schneider reported that we are making good progress and that he found what he expected to find at this point concerning the progress of the monitoring report. Dr. Drumm reminded the Board that Dean Talley is chairing our Institutional Effectiveness Task Force and Meghan McGuinness is chairing our Shared Governance Task Force.

We are down by 1½% FTE's from last year. As of today we are slightly within the budget that we passed. It has been a lot of hard work on the part of the vice presidents and department heads and he thanked them for what they have done to help trim the budget. This year we should be fine but next year will be much more of a challenge.

Trustee Akel asked how much in to the fund balance was used to balance the budget. Dr. Drumm answered that we are below the 1.8 million maximum projection by roughly \$150,000 that we started the conversations with last Spring. Chairperson Mastrangelo commended President Drumm and everyone who has worked so hard this year for not having to use the fund balance.

Chairperson Mastrangelo attended the September 9, 2010 NYCCT Special Meeting of Community Board Chairs and NYCCT Board. He stated that Chancellor Zimpher was also in attendance and made an apology for not listening as well as she should have and stated that Albany could have been handled in a better way and hopefully the future will be better.

Lastly, Dr. Drumm reported that we have a contract with the KOR Group marketing firm. The population of our region is not growing and the College will become more and more dependent on enrollment, meaning that any growth in our budget and operations will likely come from enrollment. With a shrinking pool of people in the region we need to find new markets to grow enrollment and reach deeper into the markets that we have. Community colleges are moving from an input paradigm, that is an open access institution to an output paradigm, how successful we are with graduating students, helping them transfer and find good jobs.

Also, several of our sister institutions have changed their names over the last few years, generally adding SUNY in the title and have dropped community college from their name. This is something that the KOR Group will help the College evaluate to help us determine if we want to change our name or not.

Trustee Serafini asked who makes the ultimate decision on a name change. Dr. Drumm responded that it is a BCC Board of Trustees and SUNY decision.

Dr. Drumm introduced Anne Callahan, Principal of KOR Group who introduced members of her team and answered questions posed by the Board.

Discussion was held regarding renaming of the College.

Dr. Judy Siggins presented the September 2010 Foundation report to the Board and a copy of this report was included in the Board package.

The latest issue of Broome Magazine was included in the Board package. Dr. Siggins noted that the Foundation Annual Report was included in with the magazine.
