## Career Program Graduates & Transfers

The Associate in Applied Science (AAS) and the Associate in Occupational Studies (AOS) degrees are intended for students who seek employment immediately after graduation. Certificate programs are designed to prepare students for immediate entry into an occupation or to enhance knowledge and skills.

Note: Transfer numbers will be typically much lower for these programs as compared to the AA and AS degrees, which are designed specifically for transfer. However, as students may transfer at some point after SUNY Broome, they are included within the report.

### 2022-23 Graduates & Transfers
