Any individual connected to this network in order to use it directly, or to connect to any other network(s), must comply with this policy and the stated purposes and Acceptable Use policies of any other network(s) or host(s) used. The following guidelines will be applied to determine whether or not a particular use of this network is appropriate:

5. The Services may not be used in ways that violate applicable laws or regulations.
6. The Services may not be used in a manner that precludes or significantly hampers network access by others. Nor may the Services be used in a manner that significantly impairs access to other networks connected to the House network.
7. Connections which create routing patterns that are inconsistent with the effective and shared use of the Services may not be established.
8. Unsolicited advertising is not acceptable.
