MORRISVILLE STATE COLLEGE CRIMINAL JUSTICE PROGRAM

SUNY Broome AS in Corrections / Morrisville State College BT in Criminal Justice

Background: The purpose of this proposal is to develop an articulation agreement between our two institutions that would allow students who successfully complete the SUNY Broome AS in Corrections to complete the MSC BTech in Criminal Justice in four semesters of full-time study, including one semester of full-time internship.

While we will make some recommendations about what courses students should take as SUNY Broome electives in order to have the easiest possible transfer to our BTech, we realize that it will not be possible in every case to be totally certain what courses SUNY Broome students will be bringing. We will try to be as flexible as possible. For the sake of this sample transfer framework, we have assumed that the SUNY Broome student has taken as electives a SUNY Broome course that is the equivalent of our COMP 102, the SUNY Broome equivalent of our Introduction to Sociology, and a course that can be accepted as a required elective in Criminal Justice. To the extent that SUNY Broome students transfer to Morrisville elective credits that can be applied to degree requirements (i.e. are in the field of criminal justice or meet SUNY General Education requirements), we will make every effort to assure their degree completion in four full-time semesters.

This agreement would apply only to students who complete the AS degree at SUNY Broome before transferring to Morrisville State.
