

## PATHWAYS AGREEMENT

### **Between**

SUNY Broome Community College, Dental Hygiene Department  
PO Box 1017, Binghamton, New York 13902

### **And**

Greater Southern Tier BOCES  
1126 Bald Hill Road, Hornell, New York 14843

Based on the mutual concern for providing programs in the Dental Hygiene curriculum that will build upon experience of students and eliminate unnecessary duplication of instruction, SUNY Broome Community College subscribes to the following memorandum of understanding:

We agree, subject to the following condition, that SUNY Broome Community College will waive the requirements as outlined. Pathway Agreement consideration is based on the current Greater Southern Tier (GST) BOCES Dental Assisting required program competencies and successful completion of the program.

### Articulation Agreement Conditions:

1. Candidates must maintain an average of 85% or better within the curriculum at GST BOCES Dental Assisting Program.
2. Candidates must include a letter of recommendation from their technical instructor and written documentation of the shadowing experience and dental community health project with their application to SUNY Broome Community College Admissions Office.
3. Interested students must meet the SUNY Broome Dental Hygiene Program's admission prerequisite requirements. The candidate's application will then proceed through the competitive admissions process.
4. Students must maintain a 2.5 GPA to maintain the agreement.
5. This Pathway Agreement has been reviewed and approved by those indicated on this signature page. A representative from each institution will inform the other party of any curriculum changes, which will then be reviewed to re-establish this Pathway Agreement. This Pathway Agreement is effective the date signed by both institutions and either institution may terminate the Pathway Agreement by notifying the other party.

# SUNY BROOME

Upon meeting these requirements, SUNY Broome Community College agrees to waive the following:

1. Twelve hours of shadowing experience prior to entering the program.
2. The Service to Community Project required in DEN 213 W Community Dental Health.

This agreement recognizes individual strengths of both students and the technical program from which they have successfully graduated. The technical instructor is best aware of these strengths, and by working with the student to complete the recommendation and verification required indicating the students' successful completion of the requirements to receive the requested waiver.
